George O'Neill Will Meet Guelph Baseball Magnates Again To-day

It Is Practically Certain That Guelph Will be Sixth Team In Canadian League.

Guelph, March 24.—A Guelph statement, the promoter of a "Guelph syndicate which proposes to purchase the Erie franchise in the Canadian League from George O'Neill, of London, made the announcement that the deal was definitely off. At eight o'clock the statement was made that there had been a change in the state of affairs, and that there was every likelihood of the Royal City being represented in President Fitzgerald's circuit.

It was this way: O'Neill demanded \$25,000 for the franchise. That is the price he paid for it and got a fair ball team in the bargain. The ball team was not included in the offer made by O'Neill to the Guelph people. The latter thought the figure was too high and declined to buy. They offered the London \$20,000 and insisted that he take \$500 stock in the franchise. This was not suitable to O'Neill.

Later in the evening the owner of the franchise telephoned from London to the effect that he would be in the city on Thursday night, and would accept any reasonable offer. It is understood, however, that he is not to get the appointment as soon as O'Neill said he would. The franchise is not to be sold until the end of the season.

It has been said that George O'Neill, of London, has been given the appointment of manager of the franchise, and that he is to be the sixth team in the Canadian League this season.
